Principal’s Message
On Wednesday we will be having a Remembrance Day ceremony starting at 10:40am. Parents and friends are more than welcome to attend.

Great to see an end to our Swim school lessons today. These lessons are valuable and it has been great to see how the children have progressed.

In preparation for next year, the school has ordered 6 new iPads as well as a charging station. This will mean that we will have enough iPads next year for one per student. This is very exciting and I will be attending a training course next Tuesday to learn how to fully integrate our iPad technologies into student programs. Enquiries have also been made in preparation for the purchase of robots for the school as part of a combined small schools robotics program next year.

Finally, I would like to make the official announcement that our small school network has a new name. Formally Goulburn Community of Small Schools (GCOSS), our network has now adopted the new name of Tablelands Rural Education Community (TREC). For those that are not aware, our small schools network includes ourselves, Collector, Windellama, Tarago and Tirranna. This is a valuable relationship for our school and provides a huge amount of opportunity for our students. It is hoped that the renaming of our network will improve and reinvigorate the working relationship between the 5 schools as well as open up even more opportunities for our children. I will be giving the P&C a run-down of some of the new initiatives at the next meeting.

Tennis for Sport
Unfortunately due to the rain, there was no tennis this week. To make up the missed lesson, we will have 2 sessions next week, on Monday and Wednesday. Students need to wear their sports shoes on these days.

P&C Meeting
The next meeting will be Tuesday, 1st December at 2pm. Details about Presentation Night will be discussed so come along to see how you can help out.
